

We have had a busy year with several camps and other activities

We held a Halloween camp in October which went very well, we had themed food and games, an assault courses and a tracking course. 22 cubs attended so a good turnout.

We have had a sixer and seconder camp in March where we had 7 cubs attend and learnt basic axe and saw skills. They planned their hike back from the campsite to our Scout Headquarters where they cooked their own dinner and slept over.

We attended the district cub camp at Beacon Hill where we had 20 cubs. This was a really good event. Cubs took part in lots of activities including carving their won woggles from soapstone.

Some Cubs took part in the annual sponsored Riverside Walk and in the Lions Swimathon at the park swimming centre. Well done to those who attended these community events.

We have had visitors from the Wey and Arun canal trust and Brad from Chiraqs Newsagents visited and taught the cubs about Diwali. We have also done several hikes. We tried geocaching for the first time and also had a couple of sessions kayaking at Southwater Lake.

We have held a pack forum that agreed a code of conduct for our members and put ideas across for future events.
